this collection provides an in depth and up to date examination of the concept of intangible cultural heritage and the issues surrounding its value to society critically engaging with the unesco 2003 convention for the safeguarding of the intangible cultural heritage the book also discusses local level conceptualizations of living cultural traditions practices and expressions and reflects on the efforts that seek to safeguard them exploring a global range of case studies the book considers the diverse perspectives currently involved with intangible cultural heritage and presents a rich picture of the geographic socioeconomic and political contexts impacting research in this area with contributions from established and emerging scholars public servants professionals students and community members this volume is also deeply enhanced by an interdisciplinary approach which draws on the theories and practices of heritage and museum studies anthropology folklore studies ethnomusicology and the study of cultural policy and related law the routledge companion to intangible cultural heritage undoubtedly broadens the international heritage discourse and is an invaluable learning tool for instructors students and practitioners in the field

in this book a global panel of experts considers the international implications of legalised euthanasia based on experiences from belgium

makes the last nine years of the tribunal s work publicly available including decisions and detailed pleadings in arbitrator challenges

this volume is the sixth in the series the judges which collects and synthesizes the opinions of leading international judges of the contemporary era who have contributed significantly to the progressive development of international law the current volume contains a selection of the individual opinions of judge antonio a cançado trindade former judge and president of the inter american court of human rights and since 2008 a judge of the international court of justice many dwell on aspects of the increased humanization of international law elevating this body of norms which have traditionally focused on purely inter state relations to a level where individuals and their suffering projected in time become a primary concern is without doubt antonio a cançado trindade s major doctrinal contribution revisiting the

traditional conceptions of the basis of state responsibility and of jurisdiction the problems of amnesty laws the prohibitions of jus cogens the imperative of access to justice in the light of jus cogens the obligations erga omnes of protection the provisional measures of protection locus standi in judicio and the international legal personality of the human person jus standi and the international legal capacity of the human person and developments in reparations are but a few examples of the themes examined in the learned opinions expressed by judge cançado trindade at the inter american court of human rights the great achievement of judge cançado trindade at the international court of justice has been to draw attention to this dimension and to further its development in the international case law in the light of the universal juridical conscience and stressing the relevance of general principles of international law in a significant number of cases the world court acts today as a human rights court dealing increasingly albeit under the traditional umbrella of inter state disputes with situations that involve human suffering and lead it to find human rights violations the volume includes a preface by dean spielmann and a general introduction by andrew drzemczewski two volume set this title comprises volume 1 2 we also offer this title as part of a 3 volume set isbn 9789004375048

Europeanization as discursive practice adopts a poststructuralist reading of Europeanization to study the effects of EU accession in the light of political territoriality and consequent state building processes in the EU and central and eastern European countries CEES and the western Balkans from 1990 2013 focusing on how domestic actors have framed Europe EU norms in the debates on territorial reforms and the implications of this framing on policy reforms it asks how competing articulations of the EU and its norms construct state territoriality in the given political and policy debates the book argues that the European Union acted as a discursive force and a challenge to the established structures of understanding of territoriality statehood and power with this the author proposes a new research model for the study of Europeanization that goes beyond the neo institutionalist account of the EU's policy norm transfer to member non member states this text will be of key interest to students scholars and practitioners of European integration EU foreign policy enlargement policy and regional policy and territoriality in post socialist spaces
